- › The need to adapt marketing strategies to the international marketplace
- › The impact of social media on society and the appropriate marketing strategy to achieve our business goals
- › Human Capital Management
- › The role of a HR department in supporting business objectives or sustaining company development
- › Essential HR manager skills and competencies
- › Current burning issues on the labour market that challenge the HR world and the need to adjust HR actions and policies accordingly

Students will also be made aware of civic commitment and citizenship.

WHO CAN JOIN?

- › Students from Hénallux partner institutions
- › Since all courses are taught in English, students need at least a B1 level in English

WHEN?

This exchange programme is offered in the autumn semester, from September to December. Students participate in the Integration Weeks for international students prior to starting with the IBS module. French courses will be offered, too.

WHERE?

Courses take place on two Hénallux campuses in Namur:

- › IESN Campus: Rue Joseph Calozet, 19
- › Social Campus: Rue de l'Arsenal, 10

Both campuses are located in the city centre and are only a 10-minute walk from each other.

Studying in Namur gave us the opportunity to meet extraordinary people, to learn things differently and broaden our horizons.

Why study in Namur? For its very convenient and central location in Belgium; to discover its culture and nature.
